## WHAT ARE THE BENEFITS OF TAKING A COURSE IN CULINARY ARTS?

- The program teaches students to cook, preparing them to work in a range of restaurants. This may help the individual to advance in his or her career path.
- During these five weeks program, participants will receive a broad and intense education in professional cooking and pastry making.
- The dynamic course schedule is designed for people wishing to improve their culinary skills or who are directing themselves towards a career in professional gastronomy.
- The program takes a hands-on approach to cooking technique, with daily cooking labs supplementing lessons, as well as several field trips to local food production centers and guest lectures from visiting chefs from International brand Hotels.
- Students will be provided with the basic knowledge required to begin working in a culinary profession.
- Along with the professional skills that students learn during this program, they will also have the opportunity to meet successful chefs working in contemporary gastronomy and form a network with professionals in the industry.

# Culinary Practicums

Because we believe that cooking is best learned through hands-on experience, our curriculum is designed such that 80% of class time is dedicated to practicums. The practicums begin with the basics, so that students have the opportunity to build their knowledge on strong foundations.

# Industrial Kitchen Visit

During the program, students will visit local food production centers, wine products and hotel production kitchen. The field trips help students better understand the production chain of the food industry, as well as preparation and storage techniques of various types of food, including cheeses, baked goods, products, wine, and coffee. Students are introduced to various brands of local produce from which they can learn to distinguish quality products and create contacts with local producers
